“As patron of the Training Ship DANMARK I am most pleased and proud that the Training Ship – the symbol of maritime Denmark – has been granted the possibility, while visiting Brazil during Rio Olympic Games 2016, to anchor up in the bay right in front of Rio Yacht Club in one of the most spectacular locations in the world. This offers a superb opportunity for further enhancement of the Danish – Brazilian business relations, and it gives the joint Danish–Brazilian crew and trainees a memory for life.
